FUNTIONAL ART
2026

THE PROCESS

Every piece begins as a sketch in a notebook.

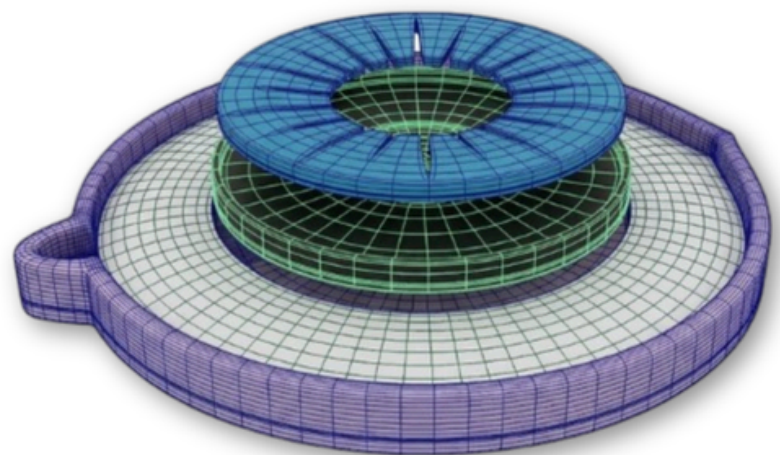

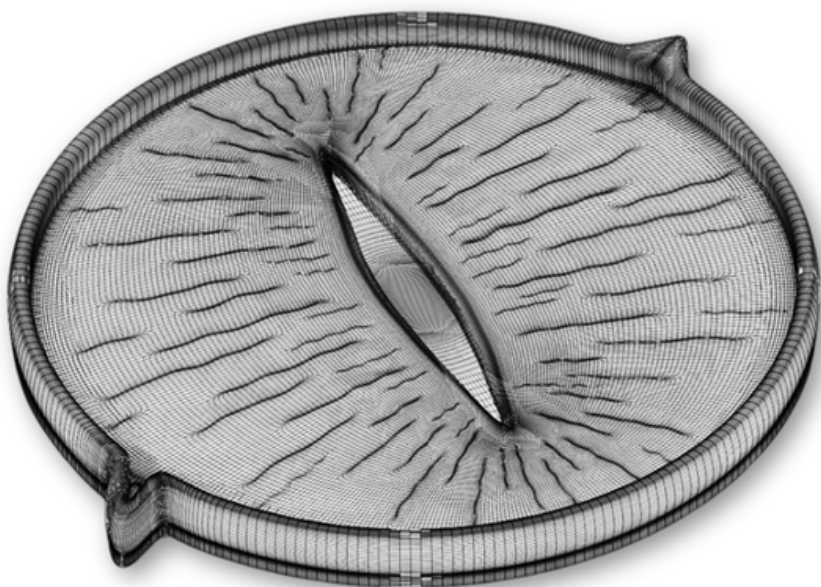

The idea takes shape through digital sculpting and 3D design.

From digital sculpture to living matter.

I develop my own molds to bring each piece to life using eco-mineral resin.

The process ends by hand — applying color and textures that make every object one of a kind.

Sealed with a certified food-safe coating.

DESIGN THAT BRINGS JOY TO LIFE.
CELEBRATING THE EVERYDAY

SAY IT LOUD.

FOR THOSE WHO LOVE CATS...

OR NOT.

MIAUUUU!!

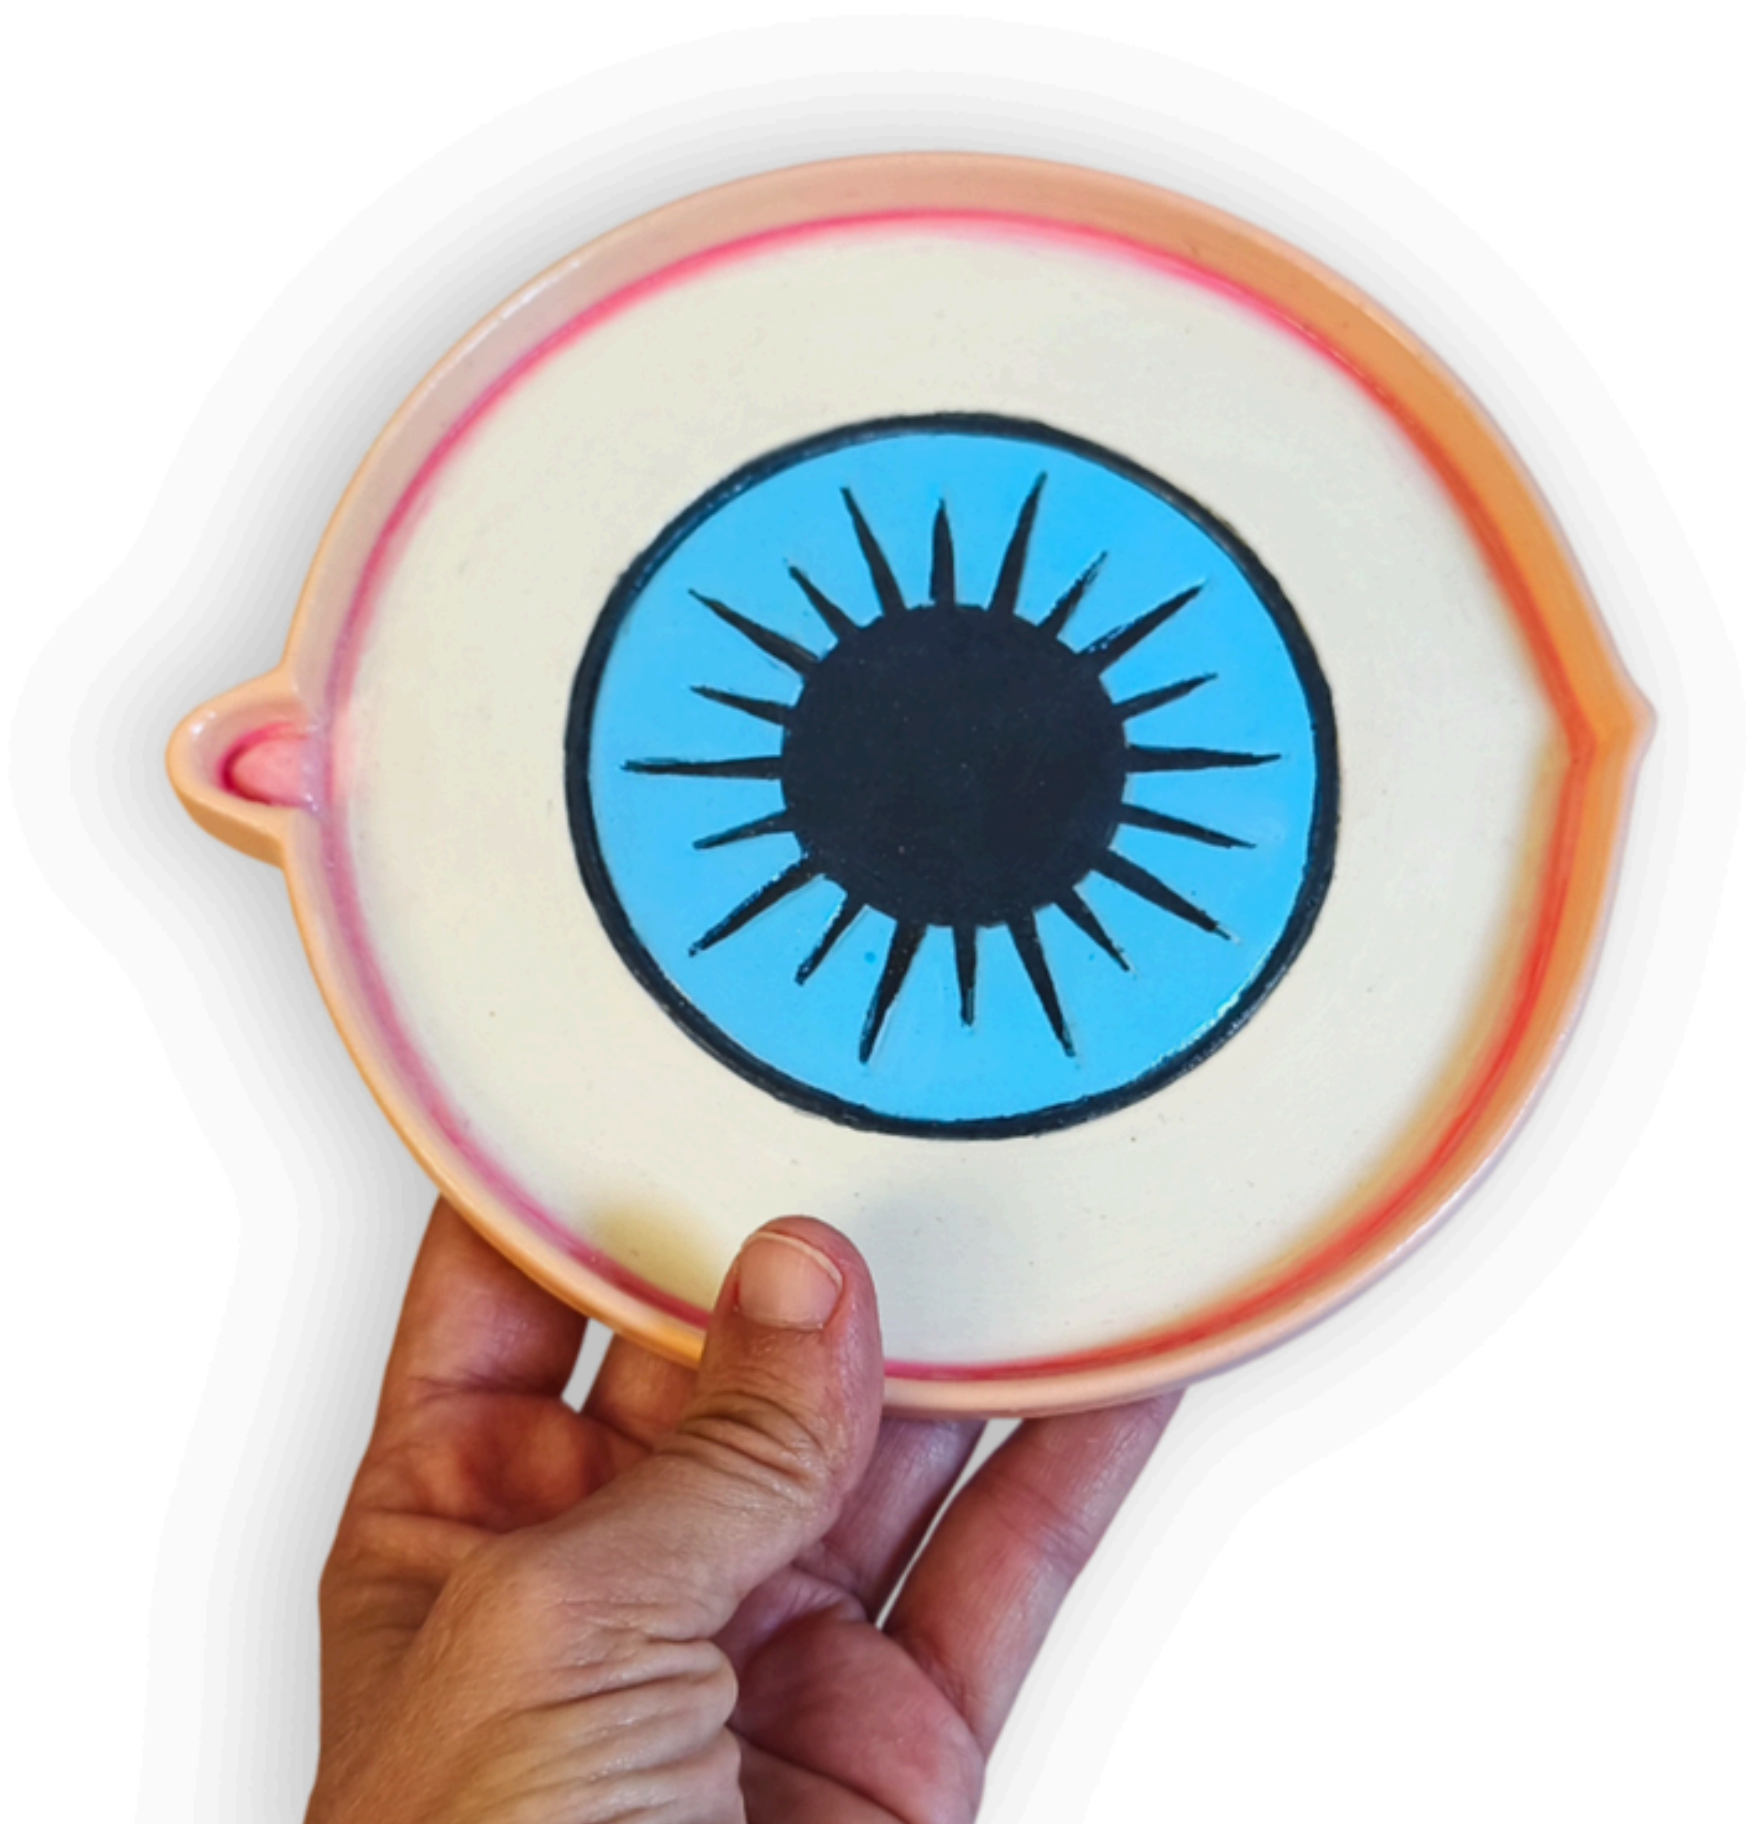

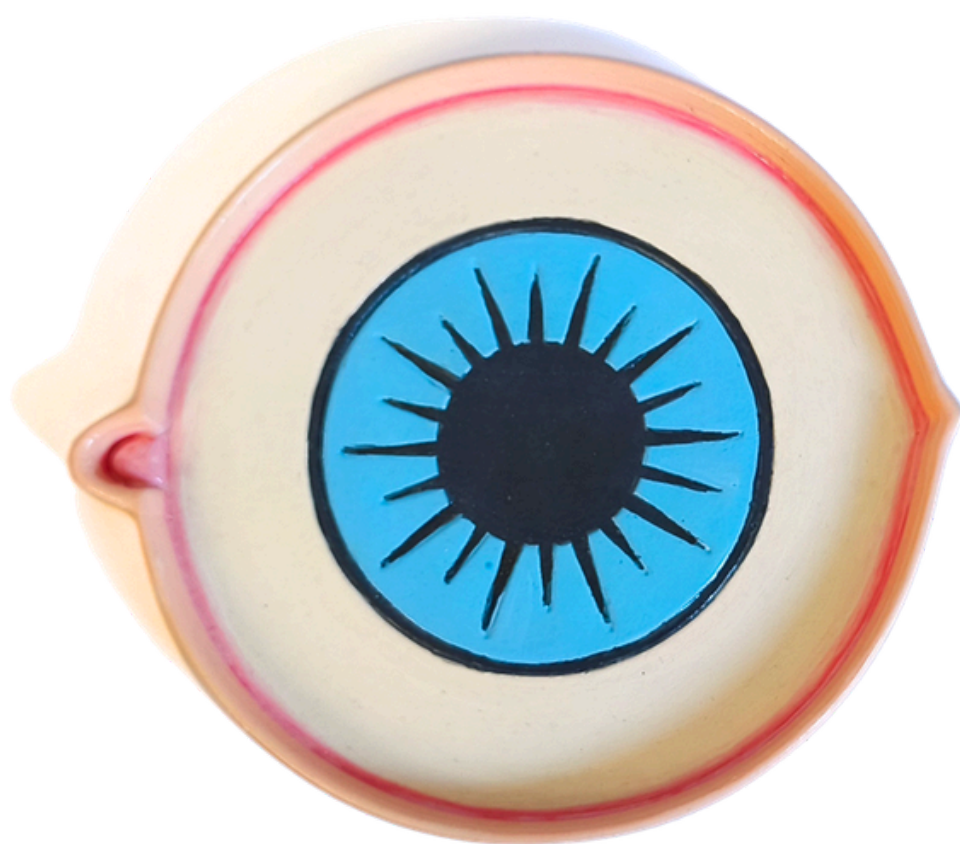

JUST
USE
IT

USE IT TODAY.
AND USE IT TOMORROW.

ENJOY IT

JUST THE WAY
YOU LIKE IT.
